

PRESERVUS MORTUARY

REFRIGERATORS AND EQUIPMENT LINE

Preservus mortuary refrigerators are crafted with a strong emphasis on

Quality Reliability and Durability

Built to meet the highest hygiene standards, they are easy to clean and maintain, ensuring long-term dependability. To accommodate diverse needs, customization options include adjustments to size, surface materials, and the option for multi-cell refrigerators accessible through a single door, providing a practical & efficient solution.

Preservus by Medica-Lab® ensures a *Versatile Solution* tailored to suit diverse needs.

NUMBER OF CELLS	DESIGN	WORKING TEMPRATURE	PRESERVATION TEMPERATURE (DIGITAL INDICATION)		POWER (RECOMMENDED)	POWER SUPPLY (STANDARD)
ONE CELL		32°C	REFREGIRATOR +3.5°C (Tolerance +/- 1.5°C)	FREEZER -20°C (Tolerance +/- 1.5°C)	0.50 Hp	50-60 Hz
TWO CELLS		32°C	+3.5°C (Tolerance +/- 1.5°C)	-20°C (Tolerance +/- 1.5°C)	0.75 Hp	50-60 Hz
THREE CELLS		32°C	+3.5°C (Tolerance +/- 1.5°C)	-20°C (Tolerance +/- 1.5°C)	1 Hp	50-60 Hz
FOUR CELLS		32°C	+3.5°C (Tolerance +/- 1.5°C)	-20°C (Tolerance +/- 1.5°C)	1.5 Hp	50-60 Hz
SIX CELLS		32°C	+3.5°C (Tolerance +/- 1.5°C)	-20°C (Tolerance +/- 1.5°C)	2 Hp	50-60 Hz
NINE CELLS		32°C	+3.5°C (Tolerance +/- 1.5°C)	-20°C (Tolerance +/- 1.5°C)	2.75 Hp	50-60 Hz

STANDARD VARIATION (OTHER CUSTOMIZED OPTIONS AVAILABLE ON DEMAND):

- Interior light with seperate switch or door contact-switch •
 - Label holder on doors •
 - Backup cooling system •
 - Customized cell dimensions •
 - Customized door dimensions •
 - Voltage 3 phase 380V/50Hz •
- Additional cooling system automatically switched on if failure occurs •

REFRIGERATOR
OPERATING TEMPERATURE
RANGE
+2 to +8 °C

OPTIONAL
Multiple
Refrigeration Units

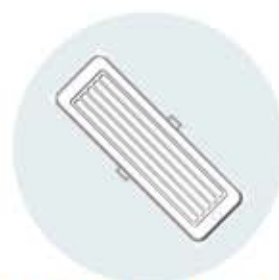

FREEZER
OPERATING TEMPERATURE
RANGE
0 to -40 °C

INTERIOR & EXTERIOR
MATERIAL
Stainless Steel 304

CELL STANDARD INTERNAL
DIMENSIONS (MM)
- CUSTOMIZED UPON REQUEST -
550 W * 700 H

BODY TRAY
Stainless Steel
with 2 Handles

DENSITY
40 KG/m³

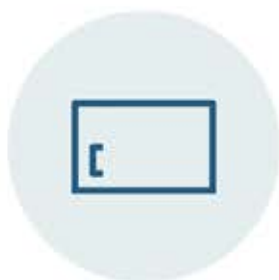

OPTIONAL
UPS Alarm

OPTIONAL
Deodorizer

OPTIONAL
Universal Door
Locking System

DOORS
Customized
Upon Request

OPTIONAL
Backup
Cooling System

REFRIGERATORS' STANDARD DIMENSIONS

ONE CELL
MLM-01E

TWO CELLS
MLM-01

Also Available:
• Horizontal with 2 Doors
with Code **MLM-01H**

THREE CELLS
MLM-02

FOUR CELLS
MLM-03

SIX CELLS
MLM-04

NINE CELLS
MLM-05

ANATOMY TABLE

MLM-11

- Top plate is made of Satinless Steel AISI 304
- Stainless steel basin
- Provided with hand mixer
- Optional Accessories:
 - Removable stainless steel perforated tray
 - Shower head

LIFT TROLLEY

MLM-21

PICTURES FROM PREVIOUS PROJECTS

Length	Width	Height
2200 mm	800 mm	300-1600 mm

- Can be used for transporting bodies
- The mechanism of the hydraulic lifting is operated by a hand or foot pedal
- Maximum load is 250 KG

BODY RESTING TABLES

FOLDABLE
MLM-13

Length	Width	Height
1810 mm	810 mm	820 mm

OR

Length	Width	Height
2000 mm	810 mm	820 mm

- Top plate is made of Stainless Steel AISI 304
- Equipped with rubber footings to increase stability
- Can be folded to enable portability
- Optional:
 - Additional strainer is available with code **MLM-14**

REGULAR
MLM-12

Length	Width	Height
1810 mm	810 mm	820 mm

OR

Length	Width	Height
2000 mm	810 mm	820 mm

- Top plate is made of Stainless Steel AISI 304
- Coated with electrostatic layer that resists rust and corrosion
- Optional:
 - Additional strainer is available with code **MLM-14**

ADDITIONAL STRAINER
MLM-14

TRANSFER TROLLEY

WITH STAINLESS-STEEL COVER

MLM-22

Length	Width	Height
2200 mm	650 mm	800 mm

- Stainless-steel structure
- Removable stainless steel internal tray
- Removable stainless steel cover
- Moves on 150mm diameter castors with brakes

WITH LEATHER COVER

MLM-23

Length	Width	Height
2200 mm	650 mm	800 mm

- Stainless-steel structure
- Removable stainless steel internal tray
- Removable leather cover
- Moves on 150mm diameter castors with brakes

LEATHER COVER COLORS

(OTHER COLORS ARE AVAILABLE UPON REQUEST)
